RE: LSA Document # 21-388

Dear Mr. Fagan:

This letter is being sent pursuant to IC 4-22-2-28(b) in response to your letter of August 31, 2021. In that letter you explained that the Indiana Economic Development Corporation reviewed the economic impact analysis associated with proposed Rule 410 IAC 12.1-3 to add definitions and regulations for gasohol.

The letter stated that the Small Business Ombudsman did not object to the fiscal impact of the proposed rule. Because the Small Business Ombudsman had no comments or suggested alternatives for the proposed rule, there are no issues requiring further review and response by the Indiana Department of Health. Thank you for your assistance with this proposed rule.

Sincerely,

A handwritten signature in black ink, appearing to read 'Amy Kent'.
